

I am a listener of KLOVE radio and I am writing on their behalf. KLOVE is a station that serves my family on many levels. We enjoy the programming and use it as a tool in our parenting. It serves us and our community. They have thousands of listeners. If an LPFM were allowed to replace KLOVE with another broadcaster, it would just be another station where our children are sold every and any type of product, they are also exposed to lyrics that are so disgusting. We need KLOVE to stay on our FM translator. KLOVE serves the community on many levels and it would be a terrible let down to us all to lose this programming. I can really say it would affect my family in a very big way. Please do not allow these LPFM stations the ability to take KLOVE away!!!
